

JAKARTA COVERING SHOW

Floor Covering Exhibition
3 – 5 November 2021 - Jakarta International Expo (JI Expo)
Co-located with Jakarta Stone Fair

Be a Part of the Fast Growing Market in Southeast Asia!

Indonesia's growing building and construction sector triggers the need for the raw materials such as wood, ceramic, stones, concrete and plastics composites made for flooring applications. As an important part of this growth and development, the **Jakarta Covering Show**, which focuses on the flooring industry, is taking place for the first time at the Jakarta International Expo on **3-5 November 2021**.

Why Exhibit?

- Asia Pacific is also accounted for the largest share of the global industrial floor coating market which is estimated to reach **\$2.9 billion** by 2024.
- The Indonesian wall and floor tile market is projected to reach **\$12.7 billion** by 2021.
- The Asian construction market is the largest regional market in the world, accounting for approx. **40%** of the total global construction spending.
- The construction sector is the 3rd largest contributor to the Indonesian economy, providing **40%** of annual growth.
